DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

- The examiner does not believe that applicant has illustrated all the claim elements. For instance the claim recites an engine, however the applicant has not illustrated an engine (only the electrical sliding contacts).
Correction is required. The examiner further believes that the inventive concepts within application will be more efficiently recognized if the applicant illustrated the engine.
- Claim 1, line 11: the phrase "said coupler" lacks antecedent basis.
- Claim 1, line 14: the phrase "said ends" lack antecedent basis. Which ends is the applicant referring too? Both of them? Is there more than one end? See claim 11, which does not share the same problem as claim 1.
- Claim 11, line 9: "said coupler" lack antecedent basis.
- Claims 6-10 have been withdrawn without traverse. Applicant should cancel these claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
